

MONTICELLO VINEYARDS
CORLEY FAMILY NAPA VALLEY

The Corley Family's Monticello Vineyards

The Corley Family's Monticello Vineyards is an innovative and acclaimed limited production estate winery located in Napa Valley, California. All of our wines have won innumerable awards over the last 25 years, been honored as top 100 wines by the major publications, been served in the White House and have honored the Academy Award nominees. Jay Corley founded the winery in 1970. Son's Kevin, Chris and Stephen serve as Winegrower, Winemaker and Director of Wine Sales, respectively.

Our Philosophy

Our dedication to estate grown wines is paramount in preserving the consistency and quality of our wines and the natural diversity of our vineyards in Napa Valley enable us to craft wines of great complexity and distinctive character. Our winemaking is a modern and innovative turn on the traditional methods and it is extremely hands-on in the vineyard and the winery. We are committed to meticulously farming each varietal by paying close attention to soils, micro-climates, clones, rootstocks, trellis systems and vine spacing to maximize the distinctive character of each lot of wine that we harvest. The winegrower is focused on rich, ripe, intense fruit and our winemaker is focused on bringing those grapes to the glass with the wines aromatics intact, seamlessly presented from attack to finish with a luscious texture and subtlety seasoned with premium French oak.

Our Vineyards

We are proud to farm five small vineyards in the Oak Knoll, Yountville, Rutherford, and St Helena appellations of Napa Valley from which we grow Cabernet Sauvignon, Chardonnay, Pinot Noir, Merlot, Cabernet Franc and Syrah. Napa Valley is America's premier wine-growing appellation and it is internationally renowned as one of the world's great wine regions and we are delighted to be able to take advantage of the quality and diversity of Napa Valley's microclimates and soils.

Our Wines

We have three designations for our wines, **MONTICELLO VINEYARDS, CORLEY, and CORLEY RESERVE**. The Monticello Vineyards wines are allocated and available-direct from the winery, throughout many markets in the United States, and internationally. The Corley and Corley Reserve designations are primarily available direct from the winery.

Our MONTICELLO VINEYARDS designated wines are distinctive representations of Napa Valley wine known for their balance and are recognized as the Corley Family's original wines. They have always been produced in limited quantities (2,000 - 4,000 cases).

Our CORLEY RESERVE designated wines represent the very finest expression of Napa Valley varietal designated wines that the family produces. Extremely limited quantities are produced (100 - 500 cases).

Our CORLEY Proprietary Red Wine is a rich and opulent blend of Cabernet Sauvignon, Cabernet Franc and Merlot and Syrah. The wine is supple with a generous velvety texture on the palate and the finish is elegant, richly textured and long and lingering.
